Full Suite of Services

Velocity's e-check processing and technology solutions provide a low cost way of quickly turning your customer payments into bank deposits. Velocity combines industry leading ACH payment services with proven technology to facilitate secure Web, Over-the-Phone and Over-the-Counter payments. Optional Velocity services include remote deposit capture and check conversion, check verification, check guarantee, as well as automatic, recurring payment plans. With Velocity, easy access to multiple e-check payment options will quickly result in increased customer satisfaction.

Secure and Convenient

Velocity provides you with the convenience you want and the security you need. All of our products and services are fully compliant with NACHA regulations. Also, our online reporting is a quick and easy way to access your processing information anytime, anywhere. In addition to a full suite of operational reports, Velocity provides detailed ACH Returns reporting to assist you with account reconciliation and customer service.

Superior Customer Service

Velocity ACH Services provides a highly trained, multilingual team of customer service representatives available 24 hours a day, 7 days a week to answer any questions or resolve any issues you have with ACH products and services. With Velocity ACH Services, you can manage your business while we take care of your ACH processing needs.
